

DEPARTMENT HISTORY

The College Station Fire Department evolved from a volunteer fire department at Texas A&M University. In 1969, the City of College Station took over the volunteer department. The city hired one full-time firefighter to staff the original station and maintain apparatus. The majority of the fire fighting was still conducted by volunteers made up of staff and students from Texas A&M.

Throughout the years, the Fire Department has seen substantial growth and the conversion to a fully paid fire department. Current staffing within the department includes ninety-four shift personnel, twelve Fire Prevention/Community Enhancement personnel, five administrative personnel, and two support staff.

The College Station Fire Department is considered a proactive force, which is evident by the drop in the number of major loss fires and an increase in the number of persons reached through our public education programs.

The College Station Fire Department is deeply involved in Emergency Medical Services. The department staffs three first run ambulances with EMT-Paramedics and has two reserve ambulances. Response territory for EMS includes the City of College Station and the southern half of Brazos County.

The department staffs three paramedic engines, one paramedic Quint, and a command vehicle each 24 hour shift from three stations. Station 1 is located at 304 Holleman Drive East; Station 2 is located at 2100 Rio Grande Drive; Station 3 is located at 4180 Hwy 6 South; Station 4 is located at Easterwood Airport; Station 5 is under construction at 601 Greens Prairie Road. Administrative offices are located at 300 Krenk Tap Road.

APPLICATION PROCESSING INFORMATION

Applications are accepted Monday through Friday, 8:00 a.m. to 5:00 p.m. at the Human Resources Department or at <http://csjobs.cstx.gov>. Following submission of an employment application, qualified

applicants must participate in a written examination and a physical ability evaluation. The entrance examination is administered annually or when the need arises. Qualified applicants will be notified of the exact date, time, and location of the examination.

EMPLOYMENT PROCEDURES

Written Examination: All candidates must take a written examination that covers, but is not limited to, general knowledge, reading, comprehension, arithmetic, mechanical aptitude, and customer skills.

A minimum of 70% correct must be scored to be considered eligible to continue the application process.

Physical Ability Evaluation: This is designed to examine an applicant's strength, stamina, and overall physical ability to perform the duties of a firefighter. There are eight tasks that must be performed within a specific time limit. An additional un-timed task tests the applicant's ability to work at heights.

Personal History Statement: All qualified applicants are required to complete a comprehensive Fire Department personal history statement packet that will be used as a resource for a thorough background check.

Oral Review Board: Successful applicants in the above areas will participate in an oral review board. Board members are chosen from Fire Department and city human resource personnel.

Final Interview: The final step will be an interview with the Assistant Chief/Operations. Candidates are chosen from the pool of applicants who have passed all stages of the hiring process.

Pre-Employment & Post-Offer Test: An offer of employment with the College Station Fire Department is made contingent upon the passing of a pre-employment drug test, driving check and criminal check. Completion of a post-offer medical/physical examination by a licensed physician will then be required.
